

Important Information for Behavioral Health Providers

Atlantis Health Plan (“Atlantis”) appreciates your interest in finding out more information about our health insurance company. We are a fast-growing managed care organization that includes over 15,000 providers and 37 hospitals in our participating network. Our goal is to offer high quality care to our customers while permitting a successful partnership between patient and healthcare professional. Atlantis remains a unique managed care organization serving the New York marketplace. We are an organization operated by physicians, or as we say, “**By Doctors. For New Yorkers.**”

To assist in expediting the process by which you can join our network, the following documents are included on our website, Provider Application, Provider Contract and other valuable information. In addition, by visiting our Provider Search you can find the listing of our current Participating Hospitals and other providers within our network.

We are happy to inform you that Atlantis now participates in the CAQH program. By providing your CAQH number on our Provider Application, we will be able to obtain your updated credentials through the Universal Provider Data Source that they operate. **However, if you do not have a CAQH account you must complete the full Provider Application and submit the following documents:**

- *Current New York State License & registration with **provider’s signature***
- *Curriculum Vitae*
- *W-9 Form for each billing location*
- *Copy of Diploma*
- *Professional Liability Insurance Face Sheet*

Please make certain that your submission is complete so that we may process it in an expeditious manner. For more information about Atlantis, please visit our website at www.atlantishp.com or call us at 1-866-747-8422.

Please send completed applications to:
